

SHIVA PALAKURTHI

JAVA DEVELOPER

+91 9381548520 | shivapalakurthi69@gmail.com | [LinkedIn](#) | [Portfolio](#) | Hyderabad

PROFESSIONAL SUMMARY

Java Full-Stack Engineer with hands-on experience in developing and deploying scalable, secure, and maintainable web applications and has good hand on Data Structures & Algorithms.

TECHNICAL SKILLS

Programming Languages : C, Java, Python, JavaScript, SQL

Frameworks & Tools: Tailwind CSS, ReactJS, Spring Boot, Hibernate, RESTful API's

Database : MongoDB, MySQL, PostgreSQL, Git, GitHub

PROFESSIONAL EXPERIENCE

Full-Stack Developer Internship

Sep 2025 – Dec 2026

- Built and maintained responsive, end-to-end web applications utilizing **Java, Spring MVC**, and frontend technologies (**HTML5, CSS3, JavaScript/React**).
- Leveraged **Hibernate ORM** to map Java domain object models to database schemas, writing complex SQL queries and joins to optimize data retrieval speeds.
- Developed robust, session-based user authentication and **Spring Security**.

Technologies Used: Tailwind CSS, ReactJS, Spring Boot, Hibernate, my SQL, MongoDB

PROJECTS

Blogging Application - github.com/shiva3330/Blog-Application

- Designed and implemented a Blog post application using Spring Boot.
- Developed CRUD operations for posts with REST API.
- Utilized Hibernate/JPA for efficient database mapping and data persistence.

Student Management System - github.com/shiva3330/

- Implemented JDBC to establish secure connections between the Java application and a MySQL database.
- Applied OOP principles (Inheritance, Polymorphism) to ensure clean, reusable code.

SaaS Analytics & Data Dashboard - github.com/shiva3330/

- Engineered a data-driven SaaS dashboard that fetches, processes, and visualizes live financial market trends via external REST APIs.
- Developed a server-side feature allowing users to customize and export analytical data reports directly into downloadable CSV and PDF formats.

EDUCATION

Bachelor of Technology in Computer Science | Swami Vivekananda Institute of Technology | 2026

CGPA: 7.3 / 10

CERTIFICATIONS

Programming in Java & OOPs Concepts | Advanced Java & Spring Boot Certification | SQL Certification
